OUTDOOR BROCHURE

ARTIFICIAL GREEN WALL PANEL

The opportunity to have a unique and enviable hedge is now given! An artificial hedge is the answer for those who want to save time, money, health and for those who want to save the environment.

- Closure of irrigation systems, thus saving water. No maintenance, no need to cut, clean, fertilize. Resistant to UV rays.*
- Full chemical resistance in case of spills such as, detergents, beverages or acid rain.*
- Conservation of its mechanical properties allows a particularly high load capacity. even at very extreme temperatures from -40°C to +70°C*
UV RESISTANT

Product **Advantages**

Anti-UV

Anti-UV protection passes the 5,000h UV aging test

Health & Safety

Products are non-toxic, lead free, and have no heavy metals

100% Recyclable

100% pure raw materials ensure eco-friendly products

Flame-Retardant optional

Flame-retardant products can be chosen

Simple & Easy Installation

Easy with simple tools

Various Applications

Install wherever you want, indoor or outdoor
